

## *La Familia: Latin American Health Research Collaboratory*

Through **La Familia Collaboratory**, the *Avancemos!* Program Internships, you can assist with new or existing projects. You will have the opportunity to participate in human subjects' research and engage with other students sharing your interests in La Familia Collaboratory' activities. In order to receive credit as a student intern over the course of a semester, the requirements below must be fulfilled. All student interns are required to sign an *Avancemos!* Program Internship contract.

1. Attend weekly *La Familia: Latin American Health Research Collaboratory* meetings.
2. Participate in community engagement and outreach events.
3. Participate in data collection activities.
4. Conduct supervised data analysis and interpretation.
5. Present research findings at local community and academic events, and scientific conferences.

If you would like to apply for the *Avancemos!* Program Internship, complete the application form. Please do not hesitate to contact Dr. Ana Cristina Lindsay at [Ana.Lindsay@umb.edu](mailto:Ana.Lindsay@umb.edu) if you have questions or would like to learn more about La Familia Collaboratory and the *Avancemos!* Program Internships. Thank you!
