Project Owner: Linda Modiste

The current multi-campus document imaging application (Boston, Dartmouth and Lowell) used by the Boston Financial Aid, Registrar and Provost office is at the end of lifecycle and no longer supported by the vendor. To replace this application a multi-campus team has been charged to review and procure a new application and perform the design, development and implementation of the new platform. SoftDocs has been chosen as the new document imaging platform via an RFP process completed by UPST and UITS. UITS is leading the system-wide project.

Enable Inclusive Identity HR

Timeline: Oct 1, 2022 - Jun 30, 2025

Status: On Schedule

Project Owner: Linda Modiste

Following the lead of the Enable Inclusive Identity SA project, the Enable Inclusive Identity HR project shares the same fundamental goal to provide our Faculty, Staff and Student Employees with a respectful, seamless and welcoming experience. To support that objective the HR project will introduce 3 'identity' components to enable our community to best reflect who they are. Those values include Phase 1 - changing "Gender" label to "Sex", adding a value = X required for external reporting, and adding "Pronouns". Phase 2 - updating Preferred Name to "Chosen" Name and building systems integration between WISER SIS and HR's Human Capital Management (HCM) application to provide consistency across campus applications 3. expand integrations of Inclusive Identity values to targeted downstream applications where appropriate and feasible. It is very important for the purpose of continuity of experience that we are consistent with these value across all major platforms accessed by our staff and faculty. Potential Phase 4 would include design and development for adding Sexual Orientation and Gender Identity that are currently available in SIS. These terms require additional consideration by leadership before including in the scope given their sensitivity.
