

OLLI Summer Open House

Thursday, July 11 @ 10:30 a.m.

University of
Massachusetts Boston

In-Person Program – UMass Boston Campus
Online Viewing via Zoom – in your home or at
Thayer Library in Braintree

Learning for the love of it! - The Osher Lifelong Learning Institute (OLLI) engages its older adult members by providing stimulating opportunities to enrich their intellectual, social, and cultural lives, regardless of educational background. There are no grades and no tests, just the fun of learning! At OLLI, you will interact with fellow lifelong learners and

dedicated facilitators through our courses and presentations. You might even take in a theater show or travel locally or internationally with other members.

Interested in learning more about the Osher Lifelong Learning Institute (OLLI) at UMass Boston? Our Summer Open House will give you the chance to become familiar with OLLI as a community, and what we have to offer our members. Both in-person and online programs are available this coming fall.

- To RSVP for this event, email us at ollireg@gmail.com and let us know if you'll attend at UMass Boston, Braintree, or remotely via Zoom.
- Please register by Monday, July 8.

At UMass Boston, the Osher Lifelong Learning Institute (OLLI) is part of the Gerontology Institute, which is housed in the Manning College of Nursing and Health Sciences.
